

# TOP REASONS WHY

# *Lightning*

All Aluminum

- 1 Aluminum Frame = Fuel Savings & Increased Payload Capacity**  
Aluminum Frames weigh considerably less than steel frames. This results in better fuel mileage and greater payload capacity.
- 2 Loading & Back-Up Lights**  
Standard on units with 7-way connections, these features provide improved visibility at the rear in low light solutions.
- 3 LED. Exterior Lights**  
Standard on all Lighting models, LED lights draw less power from your vehicle's battery, have longer life expectancy, and shine much brighter.
- 4 1-pc. Aluminum Roof**  
Our standard one piece Aluminum roof is wrapped completely over the edge to provide superior leak protection. *(N/A on Avalanche Models)*
- 5 Powder Coated Bar Locks**  
Our bar locks are zinc coated first and then are powder coated to provide you with 2 layers of corrosion resistance.
- 6 Nitrogen Filled Tires & Roadside Assistance**  
Nitrogen filled tires run cooler leading to increased tire life. Roadside Assistance is included on all Lighting Models, giving you peace of mind for the road ahead.
- 7 Ramp Door Bulb Seal Trim**  
Our rubber, automotive style bulb seal is integrated directly into the aluminum trim offering better protection and longer life than industry standard foam tape.
- 8 Lippert Axles**  
Lippert Axles has been a top manufacturer of axles in the towable market for many years, and through their vast array of axle options and top-notch customer service, we are excited to offer them on our trailers.
- 9 Radial Tires**  
Standard on all models, Radial Tires reduce road noise and improve heat dissipation resulting in extended tread life.
- 10 Superior Craftsmanship**  
Lighting Trailers **ONLY** builds aluminum framed trailers. We use quality components and a workforce with over 25 years of aluminum manufacturing experience to build great, quality trailers.
